

PowerMed™

OB/Gyn

PowerMed's OB/Gyn module - designed by board certified Obstetricians - is your key to a paperless practice, with critical tools for managing and documenting prenatal care, colposcopy, and outcome analysis.

As a central part of Practice Suite software (EMR, Billing, and eLabs), the OB/Gyn Module provides seamless transition from paper to electronic patient charting.

Patient: Susan Johnson

weight before pg: 134

Diagnoses / Active list: Acute sinusitis

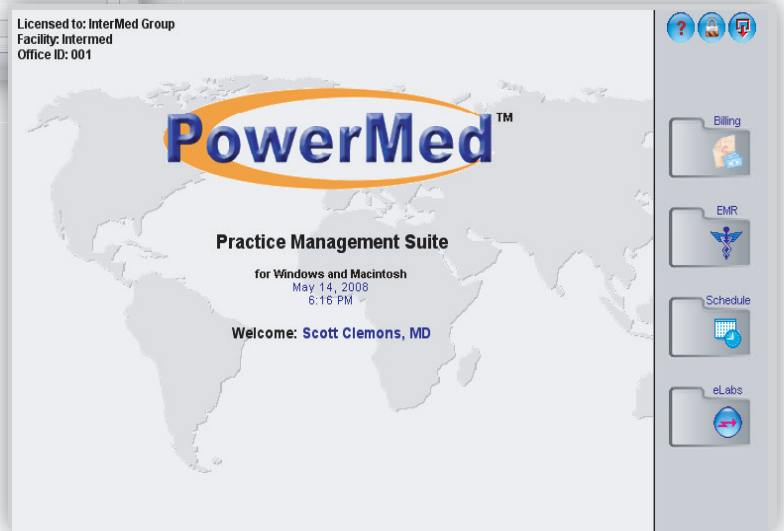

Medications: PNV

Surgeries: Laparoscopy
