

OMT

PowerMed's OMT module, designed by Osteopathic physicians, is your key to a paperless manipulation practice.

As a central part of Practice Suite software (EMR, Billing, and eLabs), the OMT Module provides seamless transition from paper to electronic patient charting.

Practices using PowerMed software can take advantage of our advanced PAC system, customizable SOAP templates and intuitive OMT module. Coupled with PowerMed's core comprehensive EMR, Practice Suite offers a state-of-the-art solution for any busy practice.

- Easy to use custom templates
- Advanced image management
- Feature-rich EMR
- Native EMR/PM integration
