

Ophthalmology

PowerMed's Ophthalmology module, designed by Ophthalmologists, is a key to your paperless office.

As a central part of Practice Suite software (EMR, Billing, and eLabs), the Ophthalmology Module provides seamless transition from paper to electronic patient charting.

Practices using the Ophthalmology module can take advantage of advanced drawing tools, customizable SOAP templates and Optometry work-sheets. Coupled with PowerMed's core comprehensive EMR, Practice Suite offers a state-of-the-art solution for any busy practice.

- Easy to use drawing templates
- Advanced image management
- Feature-rich EMR
- Native EMR/PM integration
- PAC system
