

Surgery

PowerMed's Procedure module, designed by Practicing physicians, is one of the keys to a paperless Surgical office.

As a central part of Practice Suite software (EMR, Billing, and eLabs), the Procedure Module is part of the seamless transition from paper to electronic patient charting.

Practices using PowerMed software can take advantage of our advanced PAC system, customizable SOAP templates and intuitive Procedure module. Coupled with PowerMed's core comprehensive EMR, Practice Suite offers a state-of-the-art solution for any busy practice.

- Easy to use custom templates
- Advanced image management
- Feature-rich EMR
- Native EMR/PM integration
